

PRO25IX-BP Commercial Microwave Oven

Product Highlights

Power supply: 13 amp plug

Oven capacity: 25kg

External dimensions: W511 x D431 x H311mm

Internal dimensions: W368 x D328 x H206mm

Output power 1000 Watts

Input power: 1550 Watts

Power levels: 5 (*High/M.High/Medium/Defrost/Hold*)

Memory programmes: 10 one-touch preset times

Base type: Fixed ceramic board (*no turntable*)

Control type: Electronic touch pad / Push button

Warranty: 3 Years Parts and Labour

Fixed Ceramic Base (Turntable-Free): Provides a larger, stable cooking surface for non-standard dishes and trays. This key commercial design feature is more durable and vastly simplifies internal cleaning, promoting better kitchen hygiene.

1000W Professional Power Output: Delivers high-speed, consistent heating essential for quick service turnarounds. The 1000W output ensures rapid cooking and reheating, maintaining high quality and reducing wait times during busy service hours.

Main Features		Technical Features	
GTIN number	8690842992292	Rated output power	1000W
Oven base type	Fixed ceramic base	Rated input power	1500W
Control type	Electronic Touch Pad	Oven capacity	25 Litres
Digital display	Yes (LED)	Rated voltage	230V~50Hz
Cooling system	Axial flow fan	Power plug type	13 amp plug fitted
Power levels	5	Frequency	2450 MHz
Memory programmes	10+ customisable	External dimensions	W511 x D431 x H311mm
Stage cooking	Yes (Up to 3 stages)	Internal dimensions	W328 x D368 x H206mm
Multi-quantity	Yes (x2 button feature)	Net weight	Approx. 14.7kg
Exterior finish	Stainless Steel	Cord length	150cm
Internal finish	Stainless Steel (Inox coated)	Safety	Safety interlock system

10 Programmable Memory Settings: Features an easy-to-use electronic interface with 10 customisable one-touch memory buttons. This guarantees consistent, repeatable cooking results across all staff members and reduces training requirements.

Multi-Stage Cooking Capability: Supports three-stage cooking cycles (e.g. defrost, cook, hold). This allows complex heating processes to be automated in a single action, further increasing speed and consistency in food preparation.

Stainless Steel Commercial Durability: Built with a durable stainless steel interior and exterior, the unit is corrosion-resistant and engineered to withstand the frequent, heavy use demanded by a professional kitchen environment.

The Beko Professional PRO25IX-BP is a versatile medium-duty, entry-level commercial workhorse.

It is ideally suited for high-turnover reheating & cooking in places like cafés, coffee shops, small bistros, & staff rooms, offering reliable performance that handles frequent daily use.
