NT2ST-LE

Stainless Steel Double Door Bottle Cooler
180 litre capacity stainless steel finish

General Information

The Prodis NT2ST-LE is a sleek, single-door, low-energy under-counter bottle cooler designed for efficiency and durability. It boasts a stainless steel exterior finish with an easy-to-clean aluminium interior, complemented by four adjustable chrome shelves to optimize storage.

This unit features energy-efficient pure white LED lighting, a covered and recessed digital temperature controller with a clear display, and an external light switch for convenience. Its environmentally friendly R600a hydrocarbon refrigeration system provides fan-assisted cooling, maintaining a temperature range of +2°C to +10°C.

The lockable, self-closing double-glazed door enhances security and energy saving, and the cooler has a capacity of 126 litres with an energy rating of C. Measuring 900mm in width, 520mm in depth, and 900mm in height, the NT2ST-LE comes with a 2-year warranty for peace of mind.

C

Key Features

- 4 adjustable chrome shelves
- Energy efficient LED lighting
- Covered and recessed digital temperature controller
- ECO Friendly R600a refrigerant
- Fan assisted cooling
- Lockable self-closing double glazed hinged door

Construction

- Stainless steel exterior
- Aluminium interior

Available Options

- Wine shelves
