

Model:
XD381-LE

Low Energy Single Door Display Fridge
5 x Adjustable shelves, Vertical LED Lighting

General Information

The Prodis XD381 is a single-door display fridge engineered for market-leading performance and exceptional value, meticulously designed to maximise product appeal while reducing running costs. Its clean white exterior and interior offer a fresh, professional appearance, ensuring your products look their best in any commercial environment.

Combining a class-leading C energy rating with full-length vertical LED illumination, this versatile fridge dramatically reduces energy consumption while showcasing your inventory with brilliant, uniform light. The flexible, fully reversible door allows for convenient placement in any setting, and the lock fitted as standard provides security for valuable stock. The XD381 is a smart, versatile, and cost-effective choice for businesses demanding reliability and efficiency.

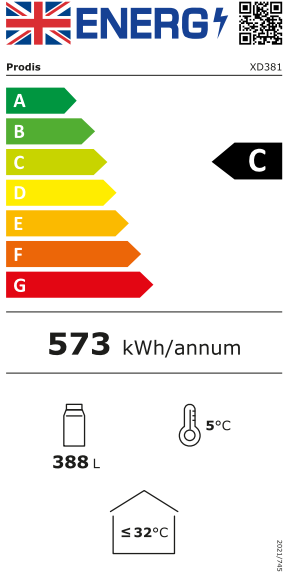

Key Features

- Market-Leading C Energy Rating for low running costs.
- Full-Length Vertical LED Illumination for brilliant product display.
- Full Reversible Door for flexibility and efficiency.
- Superior climate class (32°C 65% RH).
- Lock fitted as standard to secure valuable stock.
- High Capacity: 150 x 500ml bottle capacity.
- 5 Fully Adjustable Shelves with shelf edge ticket strips.
- Fan Assisted Cooling.
- Inset Door Handle.

Custom Branding

Transform your Prodis XD381-LE fridge into a powerful marketing asset with our professional vinyl wrapping service. We can custom-brand the appliance with your own logo, colours, and vibrant graphics, turning it into a silent salesman that captures customer attention and reinforces your brand identity. Ideal for enhancing your in-store presence, this is the perfect way to make your display fridge truly your own.
